

Course syllabus

SCBE402 internship in Bioresources and Environmental Biology

Number of Credits 3 (0-9-3)
(Theory 0 hrs. Practice 9 hrs. Self-study 3 hrs / week)

Course Coordinator and Instructor

Assoc. Prof. Patompong Johns Saengwilai (PJS)
Department of Biology, Faculty of Science, Mahidol University
Tel: 091-725-4817

Course Objectives

This course aims to develop scientific research and professional skills. Students will select to participate in a full- or part-time employment, volunteer work with an agency, research institution, clinic, professional group, business, or individual, involved in activities consistent with the student's educational and professional goals.

Course-level Learning Outcomes (CLOs)

By the end of the course, students are able to

1. CLO1 Understand the basic knowledge required for the selected work
2. CLO2 perform the work assigned by the employers/institute correctly
3. CLO3 Interpret results obtained from the experience
4. CLO4 present their research by writing a report and oral presentation

Measurement and evaluation

Evaluation and achievement will be justified according to Faculty and University code of conduct grading system of A, B+, B, C+, C, D+, D and F. Students will be evaluated based on the relative performance of the whole class; however, they must receive more than 80% to be qualified for an A. To pass this course, students must earn a grade of at least D.

Time table: Fridays 13.30-16.30

Date	Activity	Instructor
Aug 7	Orientation and Goal setting	PJS
Aug 14	Understanding workplace expectations	PJS
Aug 21	Activity Catch up 1	PJS
Sep 4	Activity Catch up 2	PJS
Sep 18	Activity Catch up 3	PJS
Oct 9	Activity Catch up 4	PJS
Oct 30	Activity Catch up 5	PJS
Nov 13	Activity Catch up 6	PJS
Nov 20	Resume development	PJS
Nov 27	Final Presentation	PJS

** Students spend the remaining hours working with their official mentors at the internship site.
